

## Year 2 Newsletter 2

Friday 13th September 2019

Dear Parent/Carers,

Firstly, we would like to say a **HUGE** thank you for all the delicious snacks that the children brought in for our 'Celebrations' launch yesterday. A brilliant day was had by all and the children made their own party hats and decorations for our party. We also made pizzas, with the children chopping and grating their own toppings. The children suggested that any leftover food from the party should be donated to Smart Move.

In Literacy this week, we have continued learning about different types of words (nouns, verbs and adjectives), as well as investigating the features of instructional texts. Next week, we will use all that we have learnt to write our own instructions for making pizza.

### Top Grammar Tips for your child:

**Nouns** – people, places, animals, objects

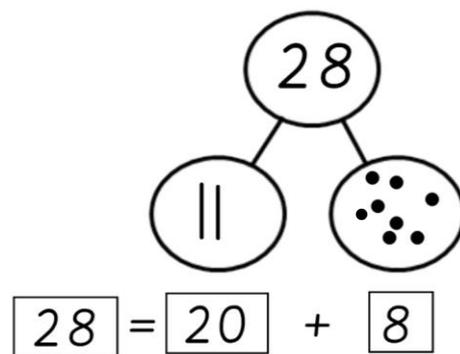

**Verbs** – action words, often end in 'ing', also: have, be, is

**Adjectives** – words that describe e.g. fast, beautiful, clever, angry, strong, quiet.

*Note:* adjectives can also end in -ing e.g. "our **exciting** launch day"

We are now encouraging most children to join their handwriting whenever they write. Please make sure your child does not join any capital letters but the rest of their letters should now be joined. Some children are finding this tricky so any practice at home would be really helpful.

In Numeracy this week, the children have been learning about place value by partitioning numbers into tens and units/ones. We have looked at 2-digit numbers and written number sentences, for example:  $37 = 30 + 7$ . Understanding the different ways a number can be made is an important strategy for the children to master as it will help them with both addition and subtraction of 2 digit numbers.

Following on from our exciting launch day, our CCL topic work next week will focus on celebrations in different cultures, as well as reflecting on celebrations that are important to us.

Many thanks,

Mrs Haigh and Mrs Shaw
