

WHAT WILL SCHOOL BE LIKE IN  
SEPTEMBER?

When you come back to school, things will be a bit **different** to what you are used to.

The building looks the same but school is going to be different!

You might not want things to be **different**.

You might want things to say the **same**.

SAME

DIFFERENT

It is **OKAY** to feel like this.

If you notice things are different, it is actually GOOD.

It means your school family want to keep you safe.

DIFFERENT = SAFE

Here are some of the things you might

**see** or **notice**

The classrooms might look different.

You will be with *your class* all of the time.

You will stay in *your classroom* most of the time.

You will have to wash your hands **LOTS**.

You might have to use a **different toilet** (BUT you will still be able to go whenever you need to).

You **won't** be able

to get **TOO CLOSE** to other people.

There might be different playtime and lunchtime **RULES**.

You might **not** be able to **PLAY** with some of the things  
you normally **PLAY** with.

You might **not** be able to **USE** some of the things you

normally **USE**.

This probably all sounds very **STRANGE**.

You might not really understand it.

This might make you feel a bit  
sad, worried or cross.

It is still good to **talk about** what you are **thinking**.

It is still good to ask questions.

It is still good to **talk about** how you are **feeling**. 

 REMEMBER 

Things will **NOT** always be like this and **one day** things will go back to how they **used to be** at school.

Until that day...

**DON'T FORGET** that if you **spot** things that are

**different** it means you are being **LOOKED AFTER**

and your **school family** are keeping you **SAFE.**
