

# When we come back to school in September

# **Welcome Back!**

**We can't wait to see you back at school!**

**Things will be a little different when you come back into school, so we hope this will help you to think about what it's going to be like.**

**Your class will stay in your classroom most of the time but you will have some time outside to play out and do PE.**

**The desks in your classroom will be facing the front.**

**None of the children in the other year groups will come into your classroom, and you won't go into their classroom.**

**Even though we won't be spending time with the children in other year groups, if we see them we can wave and say 'hello'!**

**When you arrive at school you will say goodbye to your grown-up and come into the playground to your waiting station.**

**The adults will show you where to go.**

**Then your class will go into school together.**

**The first thing to do is to wash your hands.**

**Can you remember how to wash your hands?**

**This will make sure that we all start our day with clean and healthy hands.**

**Your friends and grown-ups will try to help you if you are feeling sad  
or worried about anything.**

**Your teacher will tell you about the plan for the day.**

**There will be lots of time to play with your friends.**

**Being clean is extra important at the moment so we can keep everyone healthy.**

**We are all going to be super cleaners!**

**We will wash our hands more often to make sure we are taking care of ourselves and our friends as best we can.**

**You have been staying in your houses for a long time now so you will really be looking forward to seeing your friends!**

**To begin with we will try not to get close to our friends. We will play together but we will not be able to touch, hug or hold hands with each other yet.**

**There are lots of games we can play and things we can do without having to get too close.**

At the end of the day our grown ups will meet us outside and we will say  
goodbye.
