

Dear Parents/Carers,

In English this week, we completed a Big Write as part of assessment week. We wrote a retelling of an event from our class reader, 'The Worst Witch.' Next week, we will be refining our editing skills and upskilling our sentences. Our spelling focus will be homophones. Your child may wish to complete this sentence for you:

*Homophones are w___s which s___d the same **but** they have d_____ent meanings.*

In Maths, we completed assessments and then we focused on adding two and three digit numbers without jottings. Next week, we will be using **column addition** to add HTU + TU then HTU + HTU. We will continue to explore exchanging using practical resources and visual representations alongside the column method.

	H	T	U	
	8	5	6	
+	1	4	0	

No exchanging

Solve...		243 + 368 =
<u>Model</u>		
<u>Calculations</u>		
$\begin{array}{r} 243 \\ +368 \\ \hline 611 \\ \hline 11 \end{array}$		

With exchanging

In Geography, we located the countries of Europe on maps and produced a colour key to show them on our own maps. During our Judaism work in RE, we learnt about Shabbat and that this is the special day of rest. Next week, we will be learning about synagogues.

Many thanks,

Miss Stephenson and Mrs Ollerenshaw
