

Dear Parents/Carers,

In English this week, we have been refining our editing skills following our 'big write' last week. Our spelling focus has been on homophones and we are working hard to use these in the correct way. A particularly tricky set are '**their**, **there** and **they're**'. This image shows ways to help us remember the difference—perhaps this could go on the fridge or noticeboard at home for extra practice.

In Maths, we have been using **column addition** to add HTU + TU then HTU + HTU. We have introduced exchanging using practical resources and visual representations alongside the column method.

	H	T	U	
	8	5	6	
+	1	4	0	

No exchanging

Solve... $243 + 368 =$

Model			Calculations
			$\begin{array}{r} 243 \\ +368 \\ \hline 611 \\ 11 \end{array}$

With exchanging

In Geography, we have been locating countries near the equator and countries in the northern and southern hemispheres of the world. During our Judaism work in RE, we learnt about synagogues.

We look forward to speaking to you on Monday 7th December for the Year 3 parents' evening. Mrs Hirst, who works within the Year 3 team, may be making some of the telephone calls so that all calls can be made within the allocated time slots. You may be called from a 'No Caller ID' number due to the number of lines being used at school.

Many thanks,
Miss Stephenson and Mrs Ollerenshaw
