

In English this week, we learnt how to punctuate speech in our writing. We know that we should:

1. Open the inverted commas
2. Always start the spoken words with a capital letter
3. Use punctuation at the end of the spoken words
4. Close the inverted commas.

For example:

"We have been learning about direct speech," said Jack.

Next week in English, we are going to begin a new unit called 'Quests.'

In Maths, we have been using the column method for addition with no exchanging. Next week, we will be using the column method with exchanging for ones and tens.

	H	T	U
	8	5	6
+	1	4	0

No exchanging

Solve... 243 + 368 =

Model	Calculations
	$\begin{array}{r} 243 \\ +368 \\ \hline 611 \\ \hline 11 \end{array}$

With exchanging

In Geography, we started our new topic 'Around the World' by labelling continents, oceans and also the countries in Europe. Next week, we will be locating and discussing the Northern and Southern Hemispheres and the equator.

For this topic, if your child would like to bring a photograph of a place they have visited in England or abroad, please send this in for sharing and discussion alongside our work with atlases throughout the unit.

We wanted to say a big thank you to all those who have kindly donated food items for our harvest collection. The deadline to bring these items into school is Tuesday 8th November.

Miss Stephenson and Miss Parker 😊
