

Dear Parent / Carer,

In English, we have been reading the traditional tale – ‘The Magic Porridge Pot’. After reading the story, the children sequenced and have begun to retell this familiar tale. We are very impressed with the story language used and will continue the retelling next week.

This week in Phonics, our sounds have been ‘ow’ as in snow, ‘a’ as in paper, ‘i’ as in wild and ‘u’ as in unicorn. Our tricky words for the week have been: eye, two, thought, through and friend. These are the words the children need to be able to sight read.

In Maths, we have been ordering numbers within 100. We have also used the inequality ( $>$ ,  $<$ ) symbols to compare 3 and 4 numbers.

$$28 > 20 > 18 > 7$$

$$3 < 8 < 12 < 21$$

Next week, we will begin a new unit on length using non-standard and standard units of measure.

In Computing, we have enjoyed learning how to code using the 2Code tool on Purple Mash. We are becoming much more confident at mastering coding skills as we have explored program design, putting computational thinking into practice. Next week we will continue putting our new coding knowledge into practice as we design a scene, add and move objects and increase or decrease the scale of the things that we have added.

**Dates for your diary:**

1N Open Door: Tuesday 23<sup>rd</sup> May.

1H Open Door: Thursday 25<sup>th</sup> May.

Phonics Screening Check: 12<sup>th</sup> – 16<sup>th</sup> June.

Many Thanks

Miss Hepworth and Miss Nicholson
