

In English this week, we planned, wrote, edited and published our Big Write. We retold the rest of the story 'The Great Flood'. In our writing, we tried to include a range of ENPS, conjunctions and some of us even challenged ourselves to use fronted adverbials.

In Maths, we learnt about the importance of estimating and how we do this. We also learnt how to use the inverse operations to find missing numbers and check our answers. Next week, we will be moving on to multiplication and division. We are currently working hard in class to learn the multiplication and division facts for the x4 and x3 tables. TTRockstars and Hit the Button are great apps that your child can access at home to improve their fluency in recalling times table facts.

In indoor PE, we completed a Joe Wicks fitness workout in preparation for creating our own fitness DVDs. We discussed what a fitness DVD is, why they exist and the different aspects that we will need to include (warm up, cardio exercises, strength exercises, cool down).

In History, we looked at illustrations and watched videos to compare food and farming in the Stone Age to food and farming in the Bronze Age. We then answered our key question 'Would you rather live in the Stone Age or the Bronze Age?' and provided reasons for our answers.

On **Wednesday 29th November**, the whole school will be taking part in 'No Pens Day: Show and Tell'. Each child will be asked to talk about something that is special to them in a show and tell session. This could be an object, a person, a place or a memory. Children are invited to bring their item/photograph into school but this is not essential. You may wish to have a chat with your child over the weekend about what they would like to talk about and have a short discussion about what they will tell the class.

Many thanks,
Miss Stephenson and Miss Parker 😊
